**Features and Benefits**

- Standoff design secures the bundle away from the mounting hole.
- Design provides low insertion force and high extraction force.

**Product Description** Bundling Clips are designed to provide simple and easy methods of securing cable bundles, hoses, or pipes. They are fastened onto the tape bar using bundle or cable ties. The different fixing orientations allow tape clips to be used with a wide range of panel thicknesses and hole diameters. Standard bundling clips are available as well as standoff and stud mount versions.
