

PP110C5EA1

Article Number: 853-20082

Category 5e Replacement Module, Black, 1/box

Base Data

Local Order Number PP110C5EA1

Type PP110C5EA1

Color Black (BK)

Features and Benefits • All modules are individually removable and replaceable if one module should get damaged during installation.

Product Description The HellermannTyton Category 5e AlphaSnap line of patch panels is the ultimate in patch panel technology. The panels are equipped with individual, fully modular printed circuit boards (PCBs). Rather than replace the entire panel, each port can be individually removed and replaced if damaged during installation. AlphaSnap panel is equipped with a rear cable manager. ETL tested and approved for Category 5e Channel performance.

Performance Category Category 5E (Class D)

Port count 24

Sub Category Panel

Technical Description The MegaBand Category 5e panel is available in 1U 24 port and 2U 48 port versions. Tested to exceeds all ISO/IEC 11801 and ANSI/TIA/EIA 568-C.2 Category 5e performance standards. The Alpha Label software package, available for download at www.htdata.co.uk enables straight forward port labelling.

Short Description Category 5e Replacement Module, Black, 1/box
