Category 5e AlphaSnap 24 Port Patch Panel, 1U, Black, 1/box

Base Data

Local Order Number PP110C5EA24

Type PP110C5EA24

Color Black (BK)

Features and Benefits

- Panel features very sturdy construction with thick rolled-edge steel plates.
- Unique, patented slide label system provides a flush front panel face.
- Lightweight aluminum rear cable manager comes with the panel and provides for a neat and organized installation using Grip Ties

Product Description The HellermannTyton Category 5e AlphaSnap line of patch panels is the ultimate in patch panel technology. The panels are equipped with individual, fully modular printed circuit boards (PCBs). Rather than replace the entire panel, each port can be individually removed and replaced if damaged during installation. AlphaSnap panel is equipped with a rear cable manager. ETL tested and approved for Category 5e Channel performance.

Performance Category Category 5E (Class D)

Port count 24

Sub Category Panel

Technical Description The MegaBand Category 5e panel is available in 1U 24 port and 2U 48 port versions. Tested to exceeds all ISO/IEC 11801 and ANSI/TIA/EIA 568-C.2 Category 5e performance standards. The Alpha Label software package, available for download at www.htdata.co.uk enables straight forward port labelling.

Short Description Category 5e AlphaSnap 24 Port Patch Panel, 1U, Black, 1/box
