Top plate on for rewinding

Salvaged wire ready for reinstallation

THOMAS WHEELER

Wire Spool®

No wire spool?
No problem!

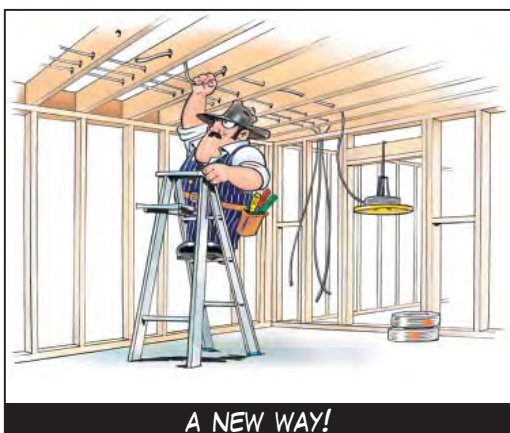

Most coil dispensers are too big, cumbersome and expensive. Not this one. The Thomas Wheeler knocks down and sets up in seconds, hangs on a 2x4, in the trusses, above tee bar or on a ladder. Light, simple, rugged and it really works. A great value.

This easy-to-hang wire dispenser allows fast, twist-free NMSC, MC cable or Flex pulling.

- Affordable
- Dependable
- Saves Time
- Eliminates Waste
- No Maintenance
- Collapsible
