NEW PRODUCTS AVAILABLE

Grounding Locknuts

Bridgeport now offers Grounding Locknuts from 3/4" to 4" Trade Sizes. These versatile locknuts are ETL Listed for use with all of Bridgeport Fittings' EMT and Rigid connectors, as well as threaded Rigid/IMC conduit.

Bridgeport's grounding locknuts provide a secure connection to the enclosure, and 3 tapped holes for proper placement of the ground lug. When thread length is limited, these can be used in place of a grounding bushing and standard locknut. Simply remove the standard locknut and thread on the grounding locknut.

Bridgeport's problem-solving grounding locknuts are not just for threaded hubs anymore. Also suitable for Service Entrance Equipment.

| Catalog Number | Trade Size | Lug Wire Size |
|----------------|------------|---------------|
| 162-G | 3/4" | 14 - 4 |
| 163-G | 1" | 14 - 4 |
