

NuTone® Collection of Wired Door Chimes

NuTone® Collection of Wired Door Chimes

First impressions mean everything. And there is no better way to make an impression than by greeting your guests with the elegant sound and style of a NuTone door chime and pushbutton.

Nothing completes a home like a NuTone door chime.

NuTone offers the perfect combination of function, style and sound. With traditional chimes, decorative chimes, paintable chimes and complete door chime kits – NuTone offers something for everyone.

Quick Upgrades

NuTone makes it easy to upgrade your basic wired door chime to one of our new innovative styles. See page 16 for more information.

Wired Chime Advantages

- Never needs batteries
- Large selection of features, sounds & decorative pushbuttons
- Maintenance free – long lasting

Transformer models C905 or the NEW C915 are recommended for all NuTone® wired chimes. (Sold separately. See page 13.)

Traditional Musical

LA501K or LA501CY

The LA501K features a beautiful oak finish and is accented with a beveled, mirrored insert. The LA501CY features a cherry finish. Either version can easily replace an existing two-note chime without rewiring.

For up to three doors. Eight-note Westminster or four-note chime for front door, one-note for the back door, and a separate note for a side door.

Features adjustable volume control.

Uses a 16-volt transformer.

Dimensions:
12 1/2" x 60 1/4" x 4 7/8"

LA70MA*

Genuine maple wood eight-note chime in a distinctive "column" design with three brass-finish chime tubes.

For up to three entrances, eight-note or four-note chime for front door, and one-note tone for second and third doors. Features adjustable volume control. Can easily replace existing two-note chime without rewiring.

Includes a 16-volt transformer.

Dimensions:
10 3/8" x 15 1/2" x 4 3/4"
(not suitable for staining)

*LA70MA needs additional wire from transformer to chime

LA305WL or LA305RW

This chime is available in a beautiful rosewood or walnut finish which features a beveled edge, raised brushed brass insert with polished brass floral design, and brushed brass resonance chambers.

For up to three entrances, eight-note or four-note chime for front door, and separate one-note tone for second and third doors. Can easily replace existing two-note chime without rewiring.

Uses a 16-volt transformer.

Dimensions:
10" x 16 5/8" x 4 1/4"

LA311WL

Constructed of rich walnut, the LA311WL offers traditional elegance. It's the height of sounds and style.

For up to three entrances, eight-note or four-note chime for front door, and separate one-note chime for second and third doors. Can easily replace existing two-note chime without rewiring.

Uses a 16-volt transformer.

Dimensions:
12 1/2" x 18" x 4 7/8"

LA310CY

With a fine cherry finish and exquisite sound, the LA310 is perfect for new construction or retrofit installations.

For up to three entrances, eight-note or four-note chime for front door, and separate one-note chime for second and third doors. Can easily replace existing two-note chime without rewiring.

Uses a 16-volt transformer.

Dimensions:
12" x 18 3/4" x 4 7/8"
