

NEXT GENERATION

GREENLEE®

A Textron Company

WHAT'S CHANGING AROUND US?

For the last 20 years, Gator® battery-powered hydraulic tools have provided state-of-the-art technology to assist the electrical market.

With industry-leading technology and easy-to-use designs, Gator® tools help you work smarter on the jobsite. Cuts cable and crimps lugs and splices all in lightning fast time. With smart features such as Intelli-CRIMP® technology and Automatic Retraction Stop (ARS), you can always be sure that the job is done right.

However... The future of battery-powered hydraulic tools is about to begin

The modern jobsite has become much more demanding... higher quality, lower cost and more accountability are realities of today.

Your tools need to be able to adapt to meet these expectations.

- Assure your tools are performing consistently at a high level
- Make sure your tools are available when needed, minimize downtime
- Protect your tool investment
- Focus on safety and productivity to win
- Own tools that help you work **Faster. Safer. Easier.®**

WHAT CAN WE DO ABOUT IT?

Be More Productive

Increase the efficiency of your work with real-time communication technology

Innovate

New Bluetooth® networked tools interface to diagnose any tool or a fleet of tools to keep optimal overview of inventory

Improve Safety

Updated designs focused on optimizing the tool centre of gravity not only allows you to be more comfortable, but also more productive

More Power

High capacity Makita® battery platform with active battery monitoring system improves your battery supply

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc.
Makita® is registered trademark of Makita® Corporation.

KEY INNOVATIONS IN TECHNOLOGY

With industry-leading technology, ergonomic and easy-to-use designs, Gator® tools help you work smarter on the jobsite. Cut cable, crimp lugs and splice in lightning fast time.

Select Gator® tools feature Intelli-CRIMP® technology – a unique pressure sensor that detects crimping force. This feature emits audible and visual alerts when a crimp is below specifications, protecting you and your tool.

Clear line of sight to the functional nature of the tool, Gator Eye® has now gone wireless. Bluetooth® reporting configuration in the standard tool allows for real time monitoring of tool diagnostics so you can ensure high performance levels and quality.

THE NEW DESIGN STANDARD

Innovative understanding of the working environment

1 LED display

Real-time communication of details associated with the tool, including battery charge, pressure level, and cycle information

2 Enhanced housing construction

Internal components of the tool are protected against dirt and water intrusion

3 Reverse tapered hand grip

Increases grip strength and optimal hand positioning to avoid user fatigue

4 Upgraded Power Supply

Improves power duration and includes battery protection and fuel gauge. Three year warranty included.

NEXT GENERATION STANDARD X MODEL

Description	Full line of Electro-hydraulic Crimping and Cutting Tools featuring Intelli-CRIMP® technology, Gator Eye® Diagnostic System, and Bluetooth® Communication
Tool Warranty	3 Years
Battery Platform	Makita® LXT® Lithium-Ion with LED Charge Level Indicator
Kit Batteries	
Battery Amp-Hours	2.0Ah or 4.0Ah
Battery Voltage	18V
Charger Configurations	12VDC, 120VAC, 230VAC
AC Adaptor Configurations	120VAC, 230VAC
Battery/Charger Warranty	3 Years
Packaging	Hard Side Case, Pouch (EK425LX)
Bare Tool Configuration	YES
Intelli-CRIMP® Technology	YES - Crimping Tools, Pump
Gator Eye™ Diagnostic System	YES
Bluetooth®	YES
LED Display	YES

LXT® is a trademark of Makita® Corporation

GATOR EYE® OVERVIEW

Gator Eye® Software

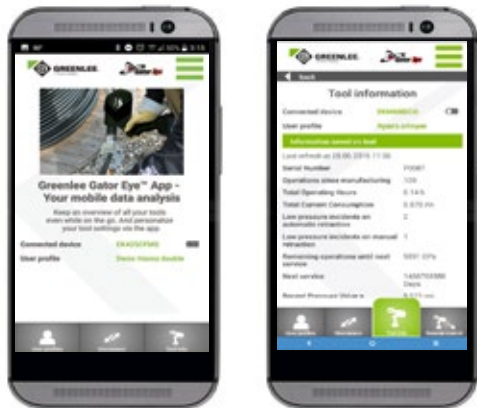

- Quality assurance and documentation
- Bluetooth® enabled on compatible PCs
- USB connection also available with Gator Eye® accessory

Gator Eye® App

- Keep an overview of all your tools while on the go.
- Personalize your tool settings via the app.
- Review GatorEye® data via smart phone
- With the GatorEye® app on your smart-phone or tablet, you can read off the most important tool data and create individual user profiles
- iOS® and Android™ platforms

Software designed to make connecting your mobile device simple

1. Download the application from Greenlee.com, Apple® App Store®, or Google Play™
2. Activate Bluetooth® on your PC or smart phone
3. Launch Gator Eye® application

GATOR EYE® DESKTOP SOFTWARE

*Go to greenlee.com software download

Gator Eye® desktop software screenshot

- A USB-powered device that is compatible with all Greenlee Gator® Tools
- Allows electrical contractors and utility companies to set service intervals and download work history reports
- Add user and inventory information to your Gator® tools, thereby better managing tool lives
- Software is free to download and available on our website

INDUSTRY DEMANDS BETTER TOOLS

Knowing what your tools are doing leads to informed management decisions that help improve tool and operator performance. Greenlee Gator® products offer tool tracking and robust reporting capabilities to help you streamline your tool management so you can spend more time taking care of your customers and boosting your bottom line.

Use the i-connect web-based application for a broad range of potentials. The i-connect feature allows authorizations with your team using a simple rights and roles concept. Various access levels allow you to view different items of information on the registered products.

The screenshot shows the Greenlee i-connect web application interface. At the top, there is a navigation bar with the Greenlee logo, 'Tool Inventory', and 'Tool Tracking' tabs. User information includes 'Administrator', 'Language', and 'Logout' options. Below the navigation bar is a search and filter section with a search box, 'Reset filter', 'Add tool', 'Delete tool', and 'Change rows' buttons. The main content area displays a table of tools with columns for 'Serial number', 'Article number', 'Total operation count', 'Last operation', 'Next service', 'Total operating time', 'Current consumption', and 'Status'. The table contains 6 rows of data, all with green checkmarks in the status column. At the bottom, there is a pagination bar showing 'Showing from 1 to 6 from 6 Tools' and '0 tools selected'.

	Serial number	Article number	Total operation count	Last operation	Next service	Total operating time	Current consumption	Status
1	P0047	EX623PT	37	3/8/2016	-	0.02 h	0.152 Ah	✓
2	P0048	EX6BDT	0	-	-	-	-	✓
3	P0049	ESC10ST	0	-	-	-	-	✓
4	P0055	EX6BDT	6271	3/8/2016	-	3.20 h	16.427 Ah	✓
5	P0057	EX623PT	1196	3/8/2016	-	0.79 h	4.676 Ah	✓
6	P0056	EX6BDT	27	3/7/2016	-	0.04 h	0.311 Ah	✓

DETAILED WORK HISTORY.

Download, print, and store work information such as operating pressure, number of crimps/cuts, and battery information.

ACCOUNTABILITY.

Prove that the job was done correctly with operation and project-specific documentation.

DIAGNOSTICS.

Set and view maintenance intervals, and add user identifiable information to manage your inventory.

WORKS WITH ALL GATOR TOOLS (YEP, EVEN THE ONES FROM 1994)*

* Previous generation Gator® tools may not have all capabilities.

Intelligence

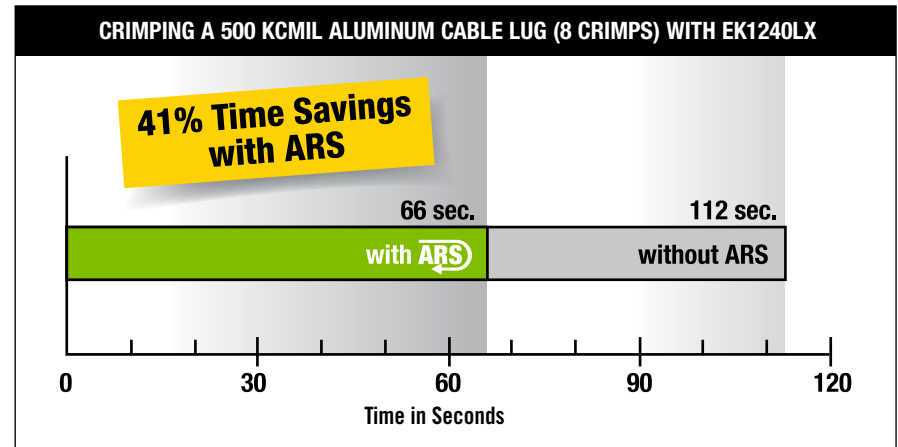

Greenlee Gator® crimping and cutting tools... investing in technology to improve productivity, safety and reliability

Monitors Pressure – 32 times every second to ensure proper force is applied at the crimping tool

Polices the Crimp – Alerts operator visually and audibly if cycle is not performed correctly

Retracts Automatically – Tool signals user that crimp is complete by retracting ram automatically

Saves Time – Smart tool minimizes the retraction distance after each cycle utilizing features such as Automatic Retraction Stop (ARS) which retracts the ram just enough to get ready for the next cycle, saving time and energy. Another feature is Retraction Stop Repeat (RSR) which allows the operator to partially retract the ram repeating the retraction for subsequent crimps.

After a cut or crimp, **Automatic Retraction Stop (ARS)** prevents full retraction of the ram, saving time when making multiple crimps.

Understanding what the tool is saying

RED BI-LED	WORK LED	AUDIO	DESCRIPTION
 20 sec			Glowing for 20 seconds after crimp, battery discharged
 2 x			Self check after battery insertion
 20 sec/2Hz			Flashing for 20 seconds at 2Hz after crimp = return for service
 20 sec/5Hz			Flashing for 20 seconds at 5Hz during high temperature = unit too hot
 20 seconds glowing and 20 seconds flashing intermittently after crimp = service required and battery flat			
 1 x	 1 x		Error: the necessary oil pressure was not reached, or there is a manual retraction with the motor not running
 3 x	 3 x		Error: the necessary oil pressure with the motor running was not achieved

A full-page photograph of a male worker in profile, facing right. He is wearing a white hard hat, safety glasses, a grey long-sleeved shirt, orange safety harness, and orange protective sleeves. He is holding a black and silver crimping tool with a battery pack labeled '18V LITHIUM ION' and 'ECC'. The tool is being used on a metal power line component. The background shows a hazy, mountainous landscape under a cloudy sky. A white rectangular box is overlaid on the center of the image, containing the word 'CRIMPING' in white, bold, sans-serif capital letters.

CRIMPING

6 TON IN-LINE CRIMPER

EK425LX

- Intelli-CRIMP® technology includes a pressure sensor to monitor the crimping force of each crimp and provides the operator with a visual and audible alert if the pressure is below specifications
- In-line tool style is lightweight and very easy to control
- Crimping head rotates 350°
- LED work light illuminates dark work areas
- Available with 120V, 12V or 230V battery charger
- One-button operation
- LED display
- Bluetooth® enabled

CONNECTOR CAPACITY

- 5/8" Service Entrance Connectors: 10-1/0 AWG
- .840 Service Entrance Connectors: 1/0-4/0 AWG
- Aluminum "H" Taps: 6-4/0 AWG
- Copper "H" Taps: 10-2 AWG
- Copper Tension Splices: 6-2/0 AWG
- Aluminum Tension Splices: 6-4/0 AWG
- One Piece ACSR Tension Splices: 4-1/0 AWG
- Two Piece ACSR Tension Splices: 2 AWG-477 kcmil
- Aluminum Jumper Splices: 4 AWG-266.8 kcmil
- Stirrups: 2-4/0 AWG
- Aluminum Color-Coded Lugs and Splices: 8-4/0 AWG
- See page 18 for dies

CRIMPING JAWS

EK425LX

SPECIFICATIONS

- Crimping Force: 6 Tons (54kN)
- Length: 14-3/4" (375mm) without head or battery
- Width: 4" (108mm)
- Weight: 6.6 lbs (3kg)
- Battery: 18V 4.0Ah Li-ion
- Cycle Time: ~4 seconds
- Charge Time: 40 minutes

ERGONOMICS

- Maneuverability and reduced weight provide improved working postures
- In-line trigger strengthens grip biomechanics

6 TON IN-LINE CRIMPER

EK628LX

- Intelli-CRIMP® technology includes a pressure sensor that monitors the crimping force of each crimp and provides the operator with a visual and audible alert if the force is below specifications
- In-line tool style is lightweight and very easy to control
- Crimping head rotates 350°
- LED work light illuminates dark work areas
- Used with Greenlee® KC4, KA4 and KD4 crimping dies
- Available with 120V, 12V or 230V battery charger or with 120V or 230V corded adapter in place of batteries and charger

SPECIFICATIONS

- Crimping Force: 12,000 lbs (53kN)
- Length: 18-1/2" (470mm)
- Width: 2-7/8" (73mm)
- Weight: 6 lbs (2.7kg)
- Battery: 18V 2.0Ah Li-ion
- Crimp Cycle Time: ~6 seconds
- Battery Charge Time: 30 minutes

CAPACITY

- 8 AWG to 600 kcmil copper color-coded connectors
- 8 AWG to 350 kcmil aluminum color-coded connectors

ERGONOMICS

- Significantly reduce extreme handle force required to compress a wire

CRIMPING JAWS

15 TON PISTOL TYPE CRIMPERS

EK1550LX, EK1550FLX

EK1550FLX

EK1550LX

SPECIFICATIONS

- Crimping Force: 15 Tons (135kN)
- Length: 18-1/2" (470mm)
- Width: 3-1/8" (80mm)
- Height: 13-1/2" (343mm)
- Weight: 16.3 lbs (7.4kg)

- Forward handle pistol design provides optimal center of gravity
- C-Head configuration
- Assist handle provides additional support
- Equipped with Intelli-CRIMP® technology to monitor crimping force
- Automatic Retraction Stop to aid in time and battery savings
- Utilizes Kearney PH4/P14 dies (EK1550LX)
- Flip-top configuration, reduction in deflection, with improved crimp consistency (EK1550FLX)
- Quick-release locking pin (EK1550FLX)
- Utilizes "P" and "U" style crimping dies (EK1550FLX)

CAPACITY

- 8 AWG –1550 kcmil Cu lugs and splices
- 8 AWG –1250 kcmil Al lugs and splices

ERGONOMICS

- Handle angle supports decreased wrist deviation and increased grip strength
- Second handle allows for optimal weight distribution

6 AND 12 TON CCX MULTI-TOOLS

E12CCXLX, E6CCXLX

- Intelli-CRIMP® technology includes a pressure sensor that monitors the crimping force of each crimp and provides the operator with a visual and audible alert if the force is below specifications
- Retraction Stop Repeat (RSR) allows the operator to partially retract the ram and then the tool repeats the retraction for subsequent crimps
- Two-stage hydraulic system provides fast advance and power speeds, saving time
- Forward handle position improves tool balance
- Crimping head rotates 350°
- Use optional CCX blades and adapters (see page 26)
- U.S. Patent #6,206,663, #6,532,790

6 TON IN-LINE CRIMPER

EK6IDLX

EK6IDLX

- Lightest indenting tool on the market; ideal for tight spaces
- Tool marking – provides clear marking of crimped connectors
- Intelli-CRIMP® technology measures pressure and amperage 32 times a second
- Two-stage telescopic design identifies correct pressure to apply
- Flip-top style uses a pull pin to open head for easy removal from the connector
- Single trigger operation for controlling all tool functions
- Broad crimp range – standard in-line stranded wire classes

SPECIFICATIONS

- Crimping Force: Variable 6 Ton (30-60kN)
- Head Rotation: 350°
- Weight with Battery: 5.5 lbs (2.5kg)
- Height: 15" (380mm)

APPROVED WIRE CLASSES

- Standard Strand Wire Classes - B; C Copper: #8 – 500 kcmil (MCM)
- Aluminum: 1/0 – 350 kcmil (MCM)
- Fine Strand – Copper Wire Classes – G; H; I; K; M: 1/0 - 350 kcmil (MCM)
- DLO – Copper Locomotive: #8 – 373.7 kcmil (MCM)

Note: Please contact Greenlee Customer Service for specific wire class certifications.

NC-30-38MF

- Comes pre-charged in 6', 10', and 33' lengths
- Standard 3/8" NPT screw type male and female fittings installed
- High pressure - up to 10,000 PSI
- Certified non-conductive
- Double rubber cap comes standard to protect fittings while not in use

CRIMPING REMOTES

RK1550

SPECIFICATIONS

- Crimping Force at 10,000 PSI (700 bar): 30,000 lbs (133kN)
- Length: 15" (380mm)
- Width: 3" (76mm)
- Height: 5-3/8" (135mm)
- Weight: 14.1 lbs (6.4kg)
- Operating Pressure: 10,000 PSI (700 bar)

CAPACITY

- Copper Color-Coded Lugs and Splices: #8 to 1500 kcmil (MCM) Aluminum Color-Coded Lugs and Splices: #8 to 1000 kcmil (MCM)

- Capable of powering any PSI remote head
- Equipped with Intelli-CRIMP® technology to monitor crimping force
- Retraction Stop Repeat (RSR) allows users to teach pump where to start and stop each cycle
- Real-time LED readout permits user to visually monitor pressure cycle
- Job specific crimp, cut, and punch settings
- Mode dial allows for pump to learn new operating cycles
- Dual battery ports – 1 active/1 stored

SPECIFICATIONS

- Length: 14" (356mm)
- Width: 6-1/2" (165mm)
- Height: 11-1/2" (292mm)
- Weight: 14.1 lbs (6.4kg)
- Operating Pressure: 10,000 PSI (700 bar)

GATOR-PK

SPECIFICATIONS

- Top: 15" x 10" x 9" (1350 in³)
- Front: 15" x 8" x 4" (480 in³)
- Sides: 8" x 5" x 2" (80 in³)
- Hi-Vis vinyl material
- Triple reinforced hang tab (SWL = 125 lbs)
- Water resistant
- Three adjustment straps for comfort
- Three internal compartments for safe and secure transport
- Three external pouches for batteries, gloves, and accessories

GREENLEE GATOR® CUTTING TOOLS

Utilize a combination of industry leading ergonomic design and operational precision for greater operator comfort

- Hardened blades designed for cutting a variety of materials
- Precise electronic motor brake eliminates residual travel
- Tools that are easier to operate allow the user to be more productive and get the job done **faster, safer, and easier®**

CUTTING

IN-LINE CABLE CUTTERS

ES32LX, ES32FLX

- Small size make the ES32LX and ES32FLX an excellent tool for use inside panel boxes
- In line tool style is lightweight and easy to control
- Tools automatically retract when the cutting cycle is complete
- Designed to cut soft metals (copper/aluminum)
- Scissor style cutter for standard cable
- Hardened blades for increased durability

SPECIFICATIONS

- Height: 15-1/2" (394mm)
- Width: 2-7/8" (73mm)
- Weight: 5 lbs (2.2kg)

CAPACITY

- 500 kcmil (240mm²) Cu or Al cable

ERGONOMICS

- Maneuverability and reduced weight provide improved working postures
- In-line trigger strengthens grip biomechanics

IN-LINE CABLE CUTTER

ESC35LX

TOOL FUNCTIONS

- Cutting head rotates 350°
- Tool automatically retracts when the cutting cycle is complete
- Overmolded tacky grip area make gripping the tool easier and more comfortable

CAPACITY

- 1000 kcmil (500mm²) Copper Or Aluminum Cable

ERGONOMICS

- In-line tool style is lightweight and very easy to control
- One trigger controls all tool features

ESC35LX

- Equipped with Bluetooth® Communication enabled via the Gator Eye® app
- Features LED display screen communicating pressure and battery levels for a real-time tool diagnostics and feedback
- State-of-the-art 18V lithium ion (Li-ion) battery provides 70% more cycles per charge and faster cycle times
- LED light provides the operator with the battery charge and tool maintenance status
- LED work light illuminates dark work areas
- Gator® battery-powered tools now use bio-degradable oil
- Smart chargers control the charging current, charging voltage and battery temperature to maximize battery life
- Available with 120V, 12V or 230V battery charger or with 120V or 230V corded adapter in place of batteries and charger

ESC35LX

IN-LINE BOLT AND CABLE TRAY CUTTERS

ETS8LX, ETS12LX

ETS8LX

- Designed to cut small diameter soft and hard metal materials
- C-head style cutting design
- Hardened blades for increased longevity
- Designed for cable tray up to 5/16" (ETS8LX)

SPECIFICATIONS

- Weight: 3.3 lbs (1.5kg)
- Length: 12-1/8" (308mm)
- Battery: 18V 2.0Ah Li-ion
- Battery Charge Time: 25 minutes

MATERIAL

- Cable Tray (Mild steel, Zinc Plated)
- Cable Tray (Stainless Steel)
- Threaded Rods
- Threaded Rods, Stainless Steel
- Steel Bolts (Grade 2)
- Steel Bolts (Grade 8)

ERGONOMICS

- Maneuverability and reduced weight provide improved working postures
- In-line trigger strengthens grip biomechanics

ESG105LX

CAT. NO.	UPC NO.	DESCRIPTION
ESG105LX11	61263	Cable Cutter, Li-ion, 105mm STD, 120V
ESG105LX12	61264	Cable Cutter, Li-ion, 105mm STD, 12V
ESG105LX22	61265	Cable Cutter, Li-ion, 105mm STD, 230V
ESG105LX120	61266	Cable Cutter, Li-ion, 105mm STD, 120V AC
ESG105LX230	61267	Cable Cutter, Li-ion, 105mm STD, 230V AC
ESG105LXB	61268	Cable Cutter, Li-ion, 105mm STD, Bare

ERGONOMICS

- Single trigger activation reduces repetitive motion injuries
- 350° head rotation enhances adjustability and reduces user effort
- Handle angle supports decreased wrist deviation and increased grip strength
- Second handle allows for optimal weight distribution

ACCESSORIES

CAT. NO.	UPC NO.	DESCRIPTION
52176	52176	18V 4.0Ah Li-ion Battery
52178	52178	120V Li-ion Battery Charger
52179	52179	230V Li-ion Battery Charger
52180	52180	12V Li-ion Battery Charger
10118	10118	Carrying Case
12274	12274	Carrying Strap

Not for cutting ACSR, guy strand, or other cables and steel strands.

SAFETY FIRST

The following are reminders and not intended to replace reading instruction manuals and other safety information.

- Observe all safety precautions included in the Operator's, Service, and Parts Manual shipped with each product.
- For your personal safety read and understand all instructions and warnings before using a product.
- Inspect tools, equipment, and other products before using; replace damaged, missing, or worn parts with genuine Greenlee® replacement parts.
- Make sure all hydraulic connections are clean and tight. Replace damaged or worn hoses before using.
- Do not overreach when operating tool. Always keep proper footing and balance.
- Use with specified hydraulic power unit only.
- Use all appropriate and applicable personal safety equipment as required, such as: safety shoes, hard hat, safety glasses or face shield, etc.

DIAGNOSTIC REPORTS AND MAINTENANCE ALERTS TO ENSURE OPTIMUM TOOL PRODUCTIVITY

Tool Diagnostic Reporting – Use summary reports to analyze long-term trends and identify opportunities for improvement in overall tool fleet performance. Schedule reports on a daily, weekly, or monthly basis. All information from the Gator-Eye® diagnostic system is visible including; nominal pressure verification, tool amp draw and cycle count

Maintenance Alerts – Lower costs and streamline the maintenance process with the Gator Eye® system. Our preventive maintenance program can help you keep your tools well-maintained and in top running condition

Makita® 4.0Ah Battery

- The 18V LXT® Lithium-Ion 4.0Ah battery delivers 35% more run time than the 18V LXT® 3.0Ah battery, but with a minimal increase in charge time for maximum efficiency
- Up to 35% more run time than the Makita 18V LXT® Lithium-Ion 3.0Ah battery (BL1830)
- Reaches a full charge in only 40 minutes – two-times faster than leading competitors' 18V 4.0Ah batteries (some requiring up to 1 hour 30 minutes to reach a full charge)
- Fully compatible with 18V LXT® and 18V compact cordless tools that carry the star symbol

3 YEAR WARRANTY

Greenlee Textron Inc. warrants to the original purchaser of these goods for use, that these products will be free from defects in workmanship and material for their useful life, excepting normal wear and abuse. This warranty is subject to the same terms and conditions contained in Greenlee Textron Inc.'s standard three-year limited warranty.

See below for information regarding product returns.

Greenlee Textron Inc. extends the following warranty to the original purchaser of these goods for use, subject to the qualifications indicated. Greenlee Textron Inc. warrants to the original purchaser for use that the products sold by it will be free from defects in workmanship and material for a period of three years for Gator® battery-powered and corded tools, including batteries from the date of purchase, provided such goods are installed, operated, maintained, and used in accordance with Greenlee Textron Inc.'s written instructions.

Ordinary wear and tear, and damage from abuse, neglect or alterations are not covered by this warranty. This warranty is null and void if instructions and operating procedures are not followed.

Greenlee Textron Inc.'s sole liability and purchaser's sole remedy for a failure of goods under this limited warranty, and for any and all claims arising out of the purchase and use of the goods, shall be limited to the repair or replacement of the goods that do not conform to this warranty, and shall be in lieu of any other liability or remedy, including, without limitation, any causes of action in negligence and strict liability.

To obtain repair or replacement service under this limited warranty, the purchaser must return the product to a Greenlee Authorized Service Center, transportation prepaid. Do not send any warranty/repair product directly to Greenlee, as it will be returned to the sender.

Tools found defective will be replaced or repaired at no charge and returned. There are no express warranties covering these goods other than as set forth above. The implied warranties of merchantability and fitness for a particular purpose are specifically excluded. Greenlee Textron Inc. assumes no liability in connection with the installation or use of this product, except as stated in this limited warranty.

Greenlee Textron Inc. will in no event be liable for incidental or consequential damages.

This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow either limitations on implied warranties, or exclusions from incidental or consequential damages, so the above limitation and exclusion may not apply to you.

Any questions pertaining to this limited warranty should be addressed to:
Greenlee / A Textron Company
4411 Boeing Drive, Rockford, IL 61109-2988 USA

Greenlee Textron Inc. has elected not to make available the informal dispute settlement mechanism which is specified in the Magnuson-Moss Warranty Act.

Note: Rental units and demonstrators used for income producing purposes are warranted for 90 days. Rental units and demonstrators which are resold are not covered under warranty by Greenlee Textron Inc. Any warranty, whether expressed or implied, rests solely with the seller.

Greenlee Textron Inc. warrants to the original purchaser of these goods for use that these products will be free from defects in workmanship and material for their useful life, excepting normal wear and abuse.
