

Cemenfex

1000V INSULATED PRODUCTS

COMPANY PROFILE

Cementex Products, Inc. headquartered in Burlington, New Jersey is recognized as a pioneer in the Double-Insulated Hand Tool Market. The company has extended its product line to include related safety components to better service the Utility, Telecommunications and Industrial markets.

To meet the demand for safety tools and related accessories, *Cementex* has relocated to a larger facility which has allowed us to expand our manufacturing and warehousing operations along with a larger research and development department.

Our mission is to meet the needs and requirements of our customers, whether it's a custom tool case or proprietary laser signature.

Cementex's USA Manufactured Safety Tool Product Line is about protecting a firm's greatest assets, it's people and property, this productivity focus is your company's value - added!
